Agenda for May 18, 2004 Teleconference

Re: U.S. Patent Application Serial No. 09/668,077 entitled "Model Repository."

- Discussion of cited references Simoudis (USPN 5,692,107) and Myers (USPN 5,832,450) in relation to claim 1's recitation of handling predictive data models.

- The current office action's note on page 27 related to the term "predictive data model" which states that the term is unfounded in the claim language.

- This bulletized list should not be construed as a complete listing of all arguments with respect to the present office action.
